Towel Group

As being one of the most essential items for our daily lives, from washing our faces to taking showers, our towels are made with the best&quality materials and the utmost care so as to provide our customers with the best experience. Most of all, our towels are made of 100% Turkish cotton which provides perfect absorbency and softness balance as well as quick-drying feature that makes it one of the best cotton to be used in towels. It is a well known fact that, a quality towel not only absorbs moisture well but also dries well.

Moreover all our towels are double-stitched along the lengths to avoid fraying and for added stability. The towel group comes in variety of sizes, designs, colors, and thicknesses as well as compositions if demanded. In order to raise its softness and absorbency features, specific processing techniques are applied accordingly.
